

Technical information

The ENTRE counter system has been designed by Piotr Kuchciński. The system includes a few modules – straight, of dimensions: 200, 160, 140, 120, 80cm, two outer curved pieces - 90 degrees (lower and bigger) and one curved counter 45 degrees. We also differentiate Counters without working desk for standing position (fixing to the floor needed). Application of strip lightning sides parts allow the ENTRE to be visibly noticed and it also give the possibility of placing this counter in receptions, secretaries rooms and most prestige entrances.

Counters				
	Type		MODULE	
	Straight	curved	Variant 1	Variant 2
FRONT	5 sizes	3 convex modules	Counter with working desk	Counter without working desk for standing position
TOP DESK	10mm temper glass
