

## Linnea bench furniture

Linnea provides flexible space for multiple users working individually or as a team. The frame structure is strong, easy to assemble & reconfigure.

Linnea has been engineered to allow the sharing of leg components to maximise the use of workspace & minimise the financial implications.

Multi-functional dividing screens can also be included & are available in several complementary styles.

### Double Bench

25mm sliding top.  
 1600mm deep (2x800mm)  
 Complete with central cable tray.

1200mm deep (2x600mm).

### Double Bench Shared Inset Leg

25mm sliding top.  
 1600mm deep (2x800mm).  
 Complete with central cable tray.  
 Shown with optional cable risers.

1200mm deep (2x600mm).

#### Please Note:

Mobile pedestal models DMPF, DMPF/N, DMP4 & DMP4/N will protrude 150mm with 1200mm deep Double Linnea Bench Desking.

As an alternative, please use Steel mobile pedestals DMSF & DMS4 (see page 49).

### Sliding Top Locking Pin

Spring loaded locking pin allowing bench to be locked in open & closed positions located under bench top.

Available for Double Bench only.

### 120° Cluster Workstations - 800mm Ends

Configured as a three person desking module.  
 Shared leg option available when ordering multiple LG120s, contact sales.

### 120° Cluster Workstations - 600mm Ends

Configured as a three person desking module.  
 Shared leg option available when ordering multiple LG120/6s, contact sales.

#### Please Note:

If fitting screens on Linnea 120° workstation cluster the 3 way link post LLP35/X/120 is required (see page 8).
